

# Clinical Guidelines

## Acute Non-ST Elevation Myocardial Infarction (NSTEMI)

The following publication describes the most current standards for the diagnosis, treatment, procedural and pharmacological intervention during an Acute NSTEMI.

**Please note:**

Specific coverage decisions are based upon plan document language in the GEHA Member Brochure.

2014 AHA/ACC Guideline For The Management Of Patients With Non–St-Elevation Acute Coronary Syndromes. A Report Of The American College Of Cardiology/American Heart Association Task Force On Practice Guidelines.
