Introduction

On December 23, 2004, President George W. Bush signed the Federal Employee Dental and Vision Benefits Enhancement Act of 2004 (Public Law 108-496). The law directed the Office of Personnel Management (OPM) to establish supplemental dental and vision benefit programs to be made available to Federal employees, annuitants, and their eligible family members. In response to the legislation, OPM established the Federal Employees Dental and Vision Insurance Program (FEDVIP). OPM has contracted with dental and vision insurers to offer an array of choices to Federal employees and annuitants. Section 715 of the National Defense Authorization Act for Fiscal Year 2017 (FY 2017 NDAA), Public Law 114-38, expanded FEDVIP eligibility to certain TRICARE-eligible individuals.

This brochure describes the benefits of GEHA Connection Dental Federal® under Government Employees Health Association, Inc.'s contract OPM02-FEDVIP-02AP-08 with OPM, as authorized by the FEDVIP law. The address for our administrative office is:

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your benefits.

If you are enrolled in this plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One, you and your designated family member are entitled to these benefits. If you are enrolled in Self and Family coverage, each of your eligible family members is also entitled to these benefits, if they are listed on the coverage. You and your family members do not have a right to benefits that were available before January 1, 2022, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each carrier annually. Rates are shown at the end of this brochure.

GEHA is responsible for the selection of in-network providers in your area. Contact us at (877) 434-2336 for the names of participating providers or to request a provider directory. You may also view or request the most current directory via our website at www.geha.com. Continued participation of any specific provider cannot be guaranteed. Thus, you should choose your plan based on the benefits provided and not for a specific provider's participation. When you phone for an appointment, please remember to verify that the provider is currently in-network. If your provider is not currently participating in the provider network, you may nominate him or her to join. Nomination forms are available on our website, or call us and we will have a form sent to you. You cannot change plans, outside of Open Season, because of changes to the provider network.

Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If you require the services of a specialist and one is not available in your area, please contact us for assistance.

This GEHA Connection Dental Federal® plan and all other FEDVIP plans are not a part of the Federal Employees Health Benefits (FEHB) Program.

We want you to know that protecting the confidentiality of your individually identifiable health information is of the utmost importance to us. To review full details about our privacy practices, our legal duties, and your rights, please visit our website, www.geha.com. If you do not have access to the internet or would like further information, please contact us by calling (877) 434-2336.

Discrimination is Against the Law

GEHA Connection Dental Federal complies with all applicable Federal civil rights laws, to include both Title VII of the Civil Rights Act of 1964 and Section 1557 of the Affordable Care Act. Pursuant to Section 1557, GEHA Connection Dental Federal does not discriminate, exclude people, or treat them differently on the basis of race, color, national origin, age, disability, or sex.

FEDVIP Program Highlights

A Choice of Plans and Options	You can select from several nationwide, and in some areas, regional dental Preferred Provider Organization (PPO) or Health Maintenance Organization (HMO) plans, and high and standard coverage options. You can also select from several nationwide vision plans. You may enroll in a dental plan or a vision plan, or both. Some TRICARE beneficiaries may not be eligible to enroll in both. Visit www.opm.gov/dental or www.opm.gov/vision for more information.
Enroll Through BENEFEDES	You enroll online at www.BENEFEDES.com . Please see Section 2, Enrollment, for more information.
Coverage Effective Date	If you sign up for a dental and/or vision plan during the 2021 Open Season, your coverage will begin on January 1, 2022. Premium deductions will start with the first full pay period beginning on/after January 1, 2022. You may use your benefits as soon as your enrollment is confirmed.
Dual Enrollment	If you or one of your family members is enrolled in or covered by one FEDVIP plan, that person cannot be enrolled in or covered as a family member by another FEDVIP plan offering the same type of coverage; i.e., you (or covered family members) cannot be covered by two FEDVIP dental plans or two FEDVIP vision plans.
Pre-Tax Salary Deduction for Employees	Employees automatically pay premiums through payroll deductions using pre-tax dollars. Annuitants automatically pay premiums through annuity deductions using post-tax dollars. TRICARE enrollees automatically pay premiums through payroll deduction or automatic bank withdrawal (ABW) using post-tax dollars.
Annual Enrollment Opportunity	Each year, an Open Season will be held, during which you may enroll or change your dental and/or vision plan enrollment. This year, Open Season runs from November 8, 2021 through midnight EST December 13, 2021. You do not need to re-enroll each Open Season unless you wish to change plans or plan options; your coverage will continue from the previous year. In addition to the annual Open Season, there are certain events that allow you to make specific types of enrollment changes throughout the year. Please see Section 2, Enrollment, for more information.
Continued Group Coverage After Retirement	Your enrollment or your eligibility to enroll may continue after retirement. You do not need to be enrolled in FEDVIP for any length of time to continue enrollment into retirement. Your family members may also be able to continue enrollment after your death. Please see Section 1, Eligibility, for more information.
Waiting Period	The only waiting period is for Standard Option orthodontic services. To meet this requirement, the person receiving the services must be enrolled in this plan for the entire waiting period of 12 months.

How We Have Changed For 2022

Premiums - Your premium will decrease 2.9% on the Standard Option and increase 2.3% on the High Option in 2022.

Section 1 Eligibility

Federal Employees If you are a Federal or U.S. Postal Service employee, you are eligible to enroll in FEDVIP, if you are eligible for the Federal Employees Health Benefits (FEHB) Program or the Health Insurance Marketplace (Exchange) and your position is not excluded by law or regulation, you are eligible to enroll in FEDVIP. Enrollment in the FEHB Program or a Health Insurance Marketplace (Exchange) plan is not required.

Federal Annuitants You are eligible to enroll if you:

- retired on an immediate annuity under the Civil Service Retirement System (CSRS), the Federal Employees Retirement System (FERS) or another retirement system for employees of the Federal Government;
- retired for disability under CSRS, FERS, or another retirement system for employees of the Federal Government.

Your FEDVIP enrollment will continue into retirement if you retire on an immediate annuity or for disability under CSRS, FERS or another retirement system for employees of the Government, regardless of the length of time you had FEDVIP coverage as an employee. There is no requirement to have coverage for 5 years of service prior to retirement in order to continue coverage into retirement, as there is with the FEHB Program.

Your FEDVIP coverage will end if you retire on a Minimum Retirement Age (MRA) + 10 retirement and postpone receipt of your annuity. You may enroll in FEDVIP again when you begin to receive your annuity.

Advise BENEFEDS of your new payroll office number.

Survivor Annuitants If you are a survivor of a deceased Federal/U.S. Postal Service employee or annuitant and you are receiving an annuity, you may enroll or continue the existing enrollment.

Compensationers A compensationer is someone receiving monthly compensation from the Department of Labor's Office of Workers' Compensation Programs (OWCP) due to an on-the-job injury/illness who is determined by the Secretary of Labor to be unable to return to duty. You are eligible to enroll in FEDVIP or continue FEDVIP enrollment into compensation status.

TRICARE-eligible individual An individual who is eligible for FEDVIP dental coverage based on the individual's eligibility to previously be covered under the TRICARE Retiree Dental Program or an individual eligible for FEDVIP vision coverage based on the individual's enrollment in a specified TRICARE health plan.

Retired members of the uniformed services and National Guard/Reserve components, including "gray-area" retirees under age 60 and their families are eligible for FEDVIP dental coverage. These individuals, if enrolled in a TRICARE health plan, are also eligible for FEDVIP vision coverage. In addition, uniformed services active duty family members who are enrolled in a TRICARE health plan are eligible for FEDVIP vision coverage.

Family Members Except with respect to TRICARE-eligible individuals, family members include your spouse and unmarried dependent children under age 22. This includes legally adopted children and recognized natural children who meet certain dependency requirements. This also includes stepchildren and foster children who live with you in a regular parent-child relationship. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support. FEDVIP rules and FEHB rules for family member eligibility are **NOT** the same. For more information on family member eligibility visit the website at www.opm.gov/healthcare-insurance/dental-vision/ or contact your employing agency or retirement system.

With respect to TRICARE-eligible individuals, family members include your spouse, unremarried widow, unremarried widower, unmarried child, an unremarried former spouse who meets the U.S. Department of Defense's 20-20-20 or 20-20-15 eligibility requirements, and certain unmarried persons placed in your legal custody by a court. Children include legally adopted children, stepchildren, and pre-adoptive children. Children and dependent unmarried persons must be under age 21 if they are not a student, under age 23 if they are a full-time student, or incapable of self-support because of a mental or physical incapacity.

Not Eligible

The following persons are not eligible to enroll in FEDVIP, regardless of FEHB eligibility or receipt of an annuity or portion of an annuity:

- Deferred annuitants
- Former spouses of employees or annuitants. **Note:** Former spouses of TRICARE-eligible individuals may enroll in a FEDVIP vision plan.
- FEHB Temporary Continuation of Coverage (TCC) enrollees
- Anyone receiving an insurable interest annuity who is not also an eligible family member.
- Active duty uniformed service members. **Note:** If you are an active duty uniformed service member, your dental and vision coverage will be provided by TRICARE. Your family members will still be eligible to enroll in the TRICARE Dental Plan (TDP).

Section 2 Enrollment

Enroll Through BENEFEDES

You must use BENEFEDES to enroll or change enrollment in a FEDVIP plan. BENEFEDES is a secure enrollment website (www.BENEFEDES.com) sponsored by OPM. If you do not have access to a computer, call 1-877-888-FEDS (1-877-888-3337), TTY number 1-877-889-5680 to enroll or change your enrollment.

If you are currently enrolled in FEDVIP and do not want to change plans, **your enrollment will continue automatically. Please Note:** Your plan's premiums may change for 2022.

Note: You cannot enroll or change enrollment in a FEDVIP plan using the Health Benefits Election Form (SF 2809) or through an agency self-service system, such as Employee Express, PostalEase, EBIS, MyPay, or Employee Personal Page. However, those sites may provide a link to BENEFEDES.

Enrollment Types

Self Only: A Self Only enrollment covers only you as the enrolled employee or annuitant. You may choose a Self Only enrollment even though you have a family, however, your family members will not be covered under FEDVIP.

Self Plus One: A Self Plus One enrollment covers you as the enrolled employee or annuitant plus one eligible family member whom you specify. You may choose a Self Plus One enrollment even though you have additional eligible family members, but the additional family members will not be covered under FEDVIP.

Self and Family: A Self and Family enrollment covers you as the enrolled employee or annuitant and all of your eligible family members. You must list all eligible family members when enrolling.

Dual Enrollment

If you or one of your family members is enrolled in or covered by one FEDVIP plan, that person cannot be enrolled in or covered as a family member by another FEDVIP plan offering the same type of coverage; i.e., you (or covered family members) cannot be covered by two FEDVIP dental plans or two FEDVIP vision plans.

Opportunities to Enroll or Change Enrollment

Open Season

If you are an eligible employee, annuitant, or TRICARE-eligible individual, you may enroll in a dental and/or vision plan during the November 8, 2021, through midnight EST December 13, 2021, Open Season. Coverage is effective January 1, 2022.

During future annual Open Seasons, you may enroll in a plan, or change or cancel your dental and/or vision coverage. The effective date of these Open Season enrollments and changes will be set by OPM. **If you want to continue your current enrollment, do nothing. Your enrollment carries over from year to year, unless you change it.**

New hire/Newly eligible

You may enroll within 60 days after you become eligible as:

- a new employee;
- a previously ineligible employee who transferred to a covered position;
- a survivor annuitant if not already covered under FEDVIP;
- an employee returning to service following a break in service of at least 31 days; or
- a TRICARE-eligible individual.

Qualifying Life Event

A qualifying life event (QLE) is an event that allows you to enroll, or if you are already enrolled, allows you to change your enrollment outside of an Open Season.

The following chart lists the QLEs and the enrollment actions you may take:

Change from One Plan to Another: No

*Position must be with a Federal agency that provides dental and/or vision coverage with 50 percent or more employer-paid premium and you elect to enroll.

The timeframe for requesting a QLE change is from 31 days before to 60 days after the event.

There are two exceptions:

- There is no time limit for a change based on moving from a regional plan's service area; and
- You cannot request a new enrollment based on a QLE before the QLE occurs, except for enrollment because of the loss of dental or vision insurance. You must make the change no later than 60 days after the event.

Generally, enrollments and enrollment changes made based on a QLE are effective on the first day of the pay period following the one in which BENEFEDS receives the enrollment or change.

BENEFEDS will send you confirmation of your new coverage effective date.

Once you enroll in a plan, your 60-day window for that type of plan ends, even if 60 calendar days have not yet elapsed. That means once you have enrolled in either plan, you cannot change or cancel that particular enrollment until the next Open Season, unless you experience a QLE that allows such a change or cancellation.

This is a one time opportunity. Once you make an election, you may not change your elected plan until the next Open Season.

Canceling an enrollment

You may cancel your enrollment only during the annual Open Season. An eligible family member's coverage also ends upon the effective date of the cancellation.

Your cancellation is effective at the end of the day before the date OPM sets as the Open Season effective date.

When Coverage Stops

Coverage ends for active and retired Federal, U.S. Postal employees, and TRICARE-eligible individuals when you:

- no longer meet the definition of an eligible employee, annuitant, or TRICARE-eligible individual;
- as a Retired Reservist you begin active duty;
- as sponsor or primary enrollee leaves active duty;
- begin a period of non-pay status or pay that is insufficient to have your FEDVIP premiums withheld and you do not make direct premium payments to BENEFEDS;
- are making direct premium payments to BENEFEDS and you stop making the payments;
- cancel the enrollment during Open Season;
- a Retired Reservist begins active duty; or

- the sponsor or primary enrollee leaves active duty.

Coverage for a family member ends when:

- you as the enrollee lose coverage; or
- the family member no longer meets the definition of an eligible family member.

Continuation of Coverage

Under FEDVIP, there is no 31-day extension of coverage. The following are also NOT available under the FEDVIP plans:

- Temporary Continuation of Coverage (TCC);
- spouse equity coverage; or
- right to convert to an individual policy (conversion policy).

FSAFEDS/High Deductible Health Plans and FEDVIP

If you are planning to enroll in an FSAFEDS Health Care Flexible Spending Account (HCFSA) or Limited Expense Health Care Flexible Spending Account (LEX HCFSA), you should consider how coverage under a FEDVIP plan will affect your annual expenses, and thus the amount that you should allot to an FSAFEDS account. Please note that insurance premiums are not eligible expenses for either type of FSA.

If you have an HCFSA or LEX HCFSA FSAFEDS account and you haven't exhausted your funds by December 31st of the plan year, FSAFEDS can automatically carry over up to \$500 of unspent funds into another health care or limited expense account for the subsequent year. To be eligible for carryover, you must be employed by an agency that participates in FSAFEDS and actively making allotments from your pay through December 31. You must also actively re-enroll in a health care or limited expense account during the NEXT Open Season to be carryover eligible. Your re-enrollment must be for at least the minimum of \$100. If you do not re-enroll, or if you are not employed by an agency that participates in FSAFEDS and actively making allotments from your pay through December 31st, your funds will not be carried over.

Because of the tax benefits an FSA provides, the IRS requires that you forfeit any money for which you did not incur an eligible expense and file a claim in the time period permitted. This is known as the "Use-it-or-Lose-it" rule. Carefully consider the amount you will elect.

For a health care or limited expense account, each participant must contribute a minimum of \$100 to a maximum of \$2,700.

Current FSAFEDS participants must re-enroll to participate next year. See www.fsafeds.com or call 1-877-FSAFEDS (372-3337) or TTY: 1-866-353-8058. **Note: FSAFEDS is not open to retired employees, or to TRICARE-eligible individuals.**

GEHA will transmit plan payment information for members that enroll in an FSAFEDS Health Care Flexible Spending Account (HCFSA) or Limited Expense Health Care Flexible Spending Account (LEX HCFSA) to the FSAFEDS carrier. Members that participate are not required to submit claims on behalf of the GEHA Connection Dental Federal[®] plan to be reimbursed.

If you enroll or are enrolled in a high deductible health plan with a health savings account (HSA) or health reimbursement arrangement (HRA), you can use your HSA or HRA to pay for qualified dental/vision costs not covered by your FEHB and FEDVIP plans.

Section 3 How You Obtain Care

Identification Cards/ Enrollment Confirmation

We will send you an identification (ID) card when you enroll within 15 days of your effective date. You must show it whenever you receive services from a plan provider.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at (877) 434-2336 or write us at GEHA Connection Dental Federal, P.O. Box 21542, Eagan, MN 55121-9930.

Existing members who were previously issued an ID card will not receive new ID cards unless otherwise requested or GEHA receives a name change/correction or change in plan from BENEFEDS.

You may also print a temporary ID card after signing in to your member account on our website: www.geha.com.

It is important to bring your FEDVIP and FEHB identification cards to every dental appointment because most FEHB plans offer some level of dental benefits separate from your FEDVIP coverage. Presenting both identification cards can ensure that you receive the maximum allowable benefit under both Programs.

Where You Get Covered Care

You may get care from any “covered provider.” However, if you use our preferred providers, you may pay less because a preferred provider has agreed to limit charges to our maximum allowed charge for covered services.

Plan Providers

Each covered person has the right to choose any licensed dental practitioner. We list plan providers in the provider directory, which we update periodically. The list is on our website at www.geha.com/Find-Care. You may also call us at (877) 434-2336 for help in locating a preferred provider.

In-Network

Care that you receive from an in-network preferred provider (PPO). To obtain care, simply select a provider and make an appointment. Referrals to a specialist are not necessary. The plan does not require you to see a primary care provider before seeing a specialist. Information on preferred dentists can be obtained free of charge. Visit our website at www.geha.com/Find-Care or call (877) 434-2336.

The list of preferred providers is subject to change. Before you receive care, it is your responsibility to verify with the preferred provider that the provider currently participates at the office location where you will be seen.

GEHA does not guarantee that preferred providers are available for all specialties, are available in all areas or that the Connection Dental Maximum Allowable Charge is less than what you might obtain from non-preferred providers.

Out-of-Network

Care that you receive from a provider that does not participate in our network of providers. GEHA reimburses for covered dental care from any covered provider. Non-PPO providers have no agreement to limit what they will bill you.

Pre-Determination

The plan does not require a pre-determination of benefits. GEHA will respond to a request to pre-determine services with an estimate of covered service, which is non-binding and not a guarantee of payment since future changes such as changes in your enrollment or eligibility under the plan may affect benefits. We encourage you to ask your provider to request a pre-determination for any extensive treatment. By obtaining a pre-determination, you and your dental provider will have an estimate before treatment begins of what will be covered and how it will be paid. This information can be valuable to you in making an informed decision on how to proceed with treatment and can help protect you from unexpected out-of-pocket costs should the treatment plan not be covered.

Pre-determinations are valid through the calendar year in which they are prepared, or 12 months, subject to eligibility and plan limitations.

To obtain a pre-determination, the dentist should submit a completed dental pre-treatment estimate claim form that itemizes the proposed procedure codes, charge for each procedure along with a pre-treatment plan, radiographic image and any other diagnostic materials.

FEHB First Payor

When you visit a provider who participates with both your FEHB plan and your FEDVIP plan, the FEHB plan will pay benefits first. In these cases, the FEDVIP plan's allowable will be the lesser of: (a) the negotiated allowable charge between the FEDVIP plan and the provider; or (b) the negotiated allowable charge between the FEHB plan and the provider.

You are responsible for the difference between the total FEHB and FEDVIP payments and the allowable as defined above.

We are responsible for facilitating the process with the primary FEHB first payor.

It is important to bring your FEDVIP and FEHB identification cards to every dental appointment because most FEHB plans offer some level of dental benefits separate from your FEDVIP coverage. Presenting both identification cards can ensure that you receive the maximum allowable benefit under each Program.

Example: Provider is in-network with both FEDVIP plan and FEHB plan. The provider can collect up to the lowest allowable as payment in full.

FEDVIP GEHA high option member with FEHB coverage FEHB plan is always primary payor GEHA Connection Dental Federal high option plan is secondary

Charges by an In-Network Provider

Extraction of tooth: \$150.00

Primary FEHB allowable: \$123.00

Primary FEHB payment (estimated): \$21.00

FEDVIP allowable: \$131.00

FEDVIP payment: $\$123.00 \times 80\% = \98.40

Total of primary payment and FEDVIP Payments: $\$21.00 + \$98.40 = \$119.40$

Patient responsibility: $\$123.00 - \$119.40 = \$3.60$

Example: Provider is out-of-network with both FEDVIP plan and FEHB plan. The provider can collect up to their billed charge.

FEDVIP GEHA high option member with FEHB coverage. FEHB plan is always primary payor. GEHA Connection Dental Federal high option plan is secondary

Charges by Out-of-Network Provider

Extraction of tooth: \$150.00

Primary FEHB payment (estimated): \$21.00

FEDVIP allowable: \$131.00

FEDVIP payment: $\$131.00 \times 80\% = \104.80

Total of primary payment and FEDVIP payments: $\$21.00 + \$104.80 = \$125.80$

Balance which is patient responsibility: $\$150.00 - \$125.80 = \$24.20$

Coordination of Benefits

We determine which non-FEHB coverage is primary according to National Association of Insurance Commissioners' (NAIC) guidelines. When you visit a provider who participates with both your FEHB plan and your FEDVIP plan, refer to the "FEHB First Payor" section. We will coordinate benefit payments with the payment of benefits under other group health benefits coverage you may have and the payment of dental costs under no-fault insurance that pays benefits without regard to fault.

For example, if your spouse has other group dental coverage on the family in addition to this plan and your FEHB plan, your spouse's plan would pay first for your spouse's charges, your FEHB plan would pay second and this plan would pay third.

We may request that you verify/identify your health insurance plan(s) annually or at the time of service. You may call or mail other coverage information or report it online at www.geha.com/DentalCOB.

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We will consider any benefits payable by your FEHB medical plan before we calculate benefits payable by us. In addition to benefits payable by your FEHB medical plan, if you or your covered dependents have other dental coverage, you must tell GEHA. When we are secondary or tertiary (third) payor, our payment will be the lesser of the following:

- GEHA's benefits; or
- The remaining balance which when added to the other carrier(s') payment will not exceed the dentist billed amount or lowest negotiated rate.

There is no change in benefit limits or maximums when we are the secondary payor.

Example: Provider is in-network with both FEDVIP plan and other plan. The provider can collect up to the lowest allowable as payment in full.

FEDVIP GEHA high option member with other plan coverage
GEHA Connection Dental Federal high option plan is secondary
Charges by **In-Network Provider**

Extraction of tooth: \$150.00

Primary allowable: \$123.00

Primary payment: \$21.00

FEDVIP allowable: \$131.00

FEDVIP payment: $\$123.00 \times 80\% = \98.40

Total of primary payment and FEDVIP payments: $\$21.00 + \$98.40 = \$119.40$

Patient responsibility: $\$123.00 - \$119.40 = \$3.60$

Example: Provider is out-of-network with both FEDVIP plan and other plan. The provider can collect up to their billed charge.

FEDVIP GEHA high option member with other plan coverage
GEHA Connection Dental Federal high option plan is secondary
Charges by **Out-of-Network Provider**

Extraction of tooth: \$150.00

Primary payment: \$21.00

FEDVIP allowable: \$131.00

FEDVIP payment: $\$131.00 \times 80\% = \104.80

Total of primary payment and FEDVIP payments: $\$21.00 + \$104.80 = \$125.80$

Balance which is patient responsibility: $\$150.00 - \$125.80 = \$24.20$

Please see Section 4, Your Cost For Covered Services, for more information about how we pay claims. If your primary payor requires a pre-determination or requires that you use designated facilities for benefits to be approved, it is your responsibility to comply with these requirements. In addition, you must file the claim with your primary payor within the required time period. If you fail to comply with any of these requirements and the primary payor denies benefits, we will pay secondary benefits based on an estimate of what the primary carrier would have paid if you had followed their requirements.

Rating Areas

Your rates are determined based on where you live. This is called a rating area. If you move, you must update your address through BENEFEDS at www.BENEFEDS.com or by phone at (877) 888-3337. Your rates might change because of the move.

Limited Access Area

If you live in an area that does not have adequate access to in-network general dentists as determined by your 5-digit ZIP code and you receive covered services from an out-of-network provider, we will base our plan allowance on the 75th percentile of standard healthcare prevailing fees. You are responsible for any difference between the amount billed and our payment. For a list of our limited access areas, call (877) 434-2336.

Alternate Benefit

In some cases, you and your dental practitioner have a choice of treatment options. In an effort to keep your dental premiums affordable and assure you have coverage for the most common types of dental treatment, the dental plan limits benefits to the maximum allowable charge for the least costly covered service that accomplishes a result that meets accepted standards of professional dental care as determined by us.

If you or your dental practitioner should choose a more costly treatment or service, we will limit benefits payable to the benefit that would have been payable if the least costly covered service had been provided. This is called the alternate benefit. Any difference between the alternate benefit and the charge actually incurred is your responsibility, including any applicable coinsurance. In Section 5, services listed with an asterisk (*) often have the choice of a lower cost treatment. If you or your dental provider should choose this treatment or service, we will allow the lower cost alternative benefit unless evidence is submitted with the bill to explain why the less expensive treatment could not be done.

We decide the alternative benefit for covered services when we receive the claim. To avoid incurring expenses we will not cover, we encourage you to request a pre-determination of benefits before treatment begins.

Dental Review

Some services require additional information in order to determine if the services are covered or subject to an alternative benefit. The tooth number is required with claim submission to avoid claim processing delays. Radiographic images are required for crowns, periodontal procedures, inlays/onlays, anterior and multiple fillings, crown build-ups and implants. The complete treatment plan is also needed for implants. Charting is required for periodontal procedures. The date (month and year) of prior placement is required for replacement dentures, partials, crowns and bridges. The degree and classification of malocclusion is required for orthodontics.

Crown – A pre-operative bitewing and/or periapical radiograph image is required for a crown to determine if services are for restorative purposes and necessary due to extensive decay or significant tooth fracture and evidence is presented showing the tooth cannot be adequately restored with an amalgam or composite filling.

Implant – Radiographic images of full arch or panoramic radiographic image are required for implants along with the treatment plan for replacing all missing teeth and teeth that require extraction. Date (month and year) of any prior prosthesis replacing tooth/teeth to be replaced with implant(s).

Orthodontics – The degree and classification of malocclusion is required for orthodontics as follows:

- Classification of malocclusion (this means Class I, II, III), including narrative
- Degree of overjet, in mm
- Degree of overbite, in mm
- Degree of arch length discrepancy, maxillary, in mm
- Degree of arch length discrepancy, mandibular, in mm
- Description, if any, of cross bite
- Photographs of occlusion
- Cephalometric image or tracing, if available
- Panoramic radiographic image
- Intraoral photos

Periodontal – Radiographic images of full arch, panoramic radiographic images or bitewing radiographs are required for periodontal services along with periodontal charting, provider narrative and any additional radiographs required to determine necessity.

By submitting this information with your claim, you may avoid claim processing delays.

Section 4 Your Cost For Covered Services

This is what you will pay out-of-pocket for covered care:

Copayment

A copayment is a fixed amount of money you pay to the provider when you receive services.

GEHA Connection Dental Federal[®] **High Option** – no copay.

GEHA Connection Dental Federal[®] **Standard Option** – no copay.

Deductible

A deductible is a fixed amount of expenses you must incur for certain covered services before we will pay for covered services. Covered charges credited to the deductible are also counted towards the Plan maximum and limitations.

There is no calendar year deductible for High Option or Standard in-network. Standard Option out-of-network Services under Class B and C are subject to a combined \$25 Deductible per person, per calendar year. The maximum deductible for family coverage is \$75.

Coinsurance

Coinsurance is the percentage of our allowance that you must pay for your care. We will base this percentage on either the billed charge or the plan allowance, whichever is less.

For High Option your coinsurance is as follows:

- Class A – nothing
- Class B – 20%
- Class C – 50%
- Class D – 30%

For Standard Option your coinsurance is as follows:

In-Network

- Class A – nothing
- Class B – 45%
- Class C – 65%
- Class D – 30%

Out-of-Network

- Class A – 25%
- Class B – 50%
- Class C – 70%
- Class D – 30%

Note: If your provider routinely waives (does not require you to pay) your coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived. For example, if your dentist ordinarily charges \$100 for a service but routinely waives your 50 percent coinsurance, the actual charge is \$50. We will pay \$25 (50 percent of the actual charge of \$50).

Annual Benefit Maximum	Once you reach this amount, you are responsible for all charges. For High Option, there is an unlimited annual benefit maximum per person for combined Class A, Class B and Class C covered services. For Standard Option, there is an annual benefit maximum per person of \$2,500 for in-network services and \$2,000 for out-of-network services for combined Class A, Class B and Class C covered services. Once the annual benefit maximum has been met, no additional benefits will be paid for Class A, Class B or Class C covered services for that person for that calendar year.
Lifetime Benefit Maximum	<p>The lifetime benefit maximum applies to orthodontic (Class D) covered services only. Once you reach this amount, you are responsible for all charges. This plan has a lifetime benefit maximum of \$3,500 per person for High Option and \$2,500 for in-network Class D services, \$2,000 for out-of-network Class D services for Standard Option.</p> <p>Note: The lifetime benefit maximum applies even if you do not remain continuously enrolled. Any amount applied to the lifetime benefit maximum while previously covered under this plan will apply toward your lifetime benefit maximum when you re-enroll with this plan.</p> <p>And, if you change from High Option to Standard Option (or vice versa) in the plan during the year or during Open Season, we will apply the amount previously applied to the lifetime benefit maximum from your old option to the lifetime benefit maximum of your new option.</p>
In-Network Services	In-Network services are services provided by an in-network preferred provider, also referred to as a PPO provider. Often, the provider's bill is more than a fee-for-service plan's allowance. Whether or not you have to pay the difference between our allowance and the bill will depend on the provider you use. In-Network providers agree to limit what they will bill you. Because of that, when you use a preferred provider, your share of covered charges consists only of your coinsurance or any amount remaining after the annual maximum is met. Here is an example of how using a preferred provider can save you money: You see a PPO dental practitioner who charges \$120 for a Class B restorative service and our maximum allowable is \$100. If you have not met your annual maximum, you are only responsible for your coinsurance. That is, with High Option, you pay just 20 percent of our \$100 allowance (\$20). Because of the agreement, your PPO dental practitioner will not bill you for the \$20 difference between our allowance and the bill.
Out-of-Network Services	Out-of-Network services are services provided by a provider that does not participate in our network of providers, also referred to as non-PPO providers. Non-PPO providers have no agreement to limit what they will bill you. When you use a Non-PPO provider, you will pay your coinsurance, plus any difference between our allowance and charges on the bill. Here is an example: You see a non-PPO dental practitioner who charges \$120 and our maximum allowance is \$100. Because you have not met your annual maximum, you are responsible for your coinsurance, so with High Option you pay 20 percent of our \$100 allowance (\$20). Plus, because there is no agreement between the non-PPO provider and us, your dental practitioner can also bill you for the \$20 difference between our allowance and the bill for a total of \$40.
Emergency Services	Emergency or accident related services are covered the same as any other benefit.
Plan Allowance	The plan allowance is the amount we allow for a specific procedure. When you use a participating provider, your out-of-pocket cost is limited to the difference between the plan allowance and our payment. The plan allowance may vary upon geographic location and/or a participating providers contracted fee schedule. When you use an out-of-network provider, you are responsible for the difference between our payment and the billed amount.
Private Contract	A dentist may ask you to sign a private contract agreeing to pay the billed amount for upgraded or specialty services. Should you sign an agreement, you will be responsible for the difference between the billed amount and our payment.

If We Overpay You	We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments. GEHA may collect the overpayment from the member if GEHA has exhausted every effort to recover an overpayment made to a provider. Federal Laws supersede State Laws regarding our right to recovery of overpayments.
Subrogation	If GEHA pays benefits for an illness or injury for which you or your dependent are later compensated or reimbursed from another source, you must refund GEHA from any recovery you or your dependent obtain. All GEHA benefit payments in these circumstances are conditional, and remain subject to our contractual benefit limitations, exclusions and maximums.
Federal Laws	Federal Laws supersede State Laws including, but not limited to; coordination of benefits, subrogation, claim processing, provider filing and provider processing.
In-Progress Treatment	<p>In-progress treatment for dependents of retiring active duty service members who were enrolled in the TRICARE Dental Program (TDP) will be covered for the 2022 plan year, regardless of any current plan exclusion for care initiated prior to the enrollee's effective date.</p> <p>This requirement includes assumption of payments for covered orthodontia services up to the FEDVIP policy limits, and full payment where applicable up to the terms of FEDVIP policy for covered services completed (but not initiated) in the 2022 plan year such as crowns and implants.</p> <p>This is not a requirement for carriers to provide in-progress coverage for orthodontia in a plan where an enrollee must meet a waiting period.</p> <p>FEDVIP carriers will not cover in-progress treatment if you enroll in a FEDVIP plan that has a waiting period, or does not cover the service. Several FEDVIP dental plans have options that offer orthodontia coverage without a 12-month waiting period, and without age limits.</p>

Section 5 Dental Services and Supplies Class A Basic

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet generally accepted dental protocols.

Class B Intermediate

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet generally accepted dental protocols.
- There is no calendar year deductible for High Option or Standard Option in-network. Standard Option out-of-network Services under Class B and C are subject to a combined \$25 Deductible per person, per calendar year. The maximum deductible for family coverage is \$75.
- The High Option annual benefit maximum is unlimited per covered person.
- The Standard Option annual benefit maximum is \$2,500 for in-network, \$2,000 for out-of-network per covered person.
- Covered services shall include only those services specifically listed in Section 5, Dental Services and Supplies. A covered service must be incurred and completed while the person receiving the service is a covered person. Covered services are subject to plan provisions for exclusions and limitations and meet acceptable standards of dental practice as determined by us.
- For services listed with an asterisk (*), the choice of a lower cost treatment is available. If you or your dental provider should choose this treatment or service, we will allow the lower cost alternative benefit unless evidence is submitted with the bill to explain why the less expensive treatment could not be done.
- Covered services are limited to the maximum allowable charge as determined by us and are subject to alternative benefit, coinsurance, maximum benefit limits, waiting period and the other limitations described in this document.
- The dental plan does not require a pre-determination of benefits. GEHA will respond to a request to pre-determine services with an estimate of covered service, which is not a guarantee of payment since future changes such as changes in your enrollment or eligibility under the dental plan may affect benefits. We encourage you to ask your provider to request a pre-determination for any extensive treatment. By obtaining a pre-determination, you and your dental provider will have an estimate before treatment begins of what will be covered and how it will be paid. This information can be valuable to you in making an informed decision on how to proceed with treatment and can help protect you from unexpected out-of-pocket costs should the treatment plan not be covered.
- To obtain a pre-determination, the dentist should submit a completed dental pre-treatment estimate claim form that itemizes the proposed procedure codes, charge for each procedure along with pre-treatment plan, radiographic images and any other diagnostic materials.
- In-progress treatment for dependents of retiring TDP enrollees will be covered for the 2022 plan year. This is regardless of any current plan exclusions for care initiated prior to the enrollee's effective date.

You Pay:

- **High Option**
 - **In-Network:** 20% of plan allowance.
 - **Out-of-Network:** 20% of the plan allowance and any difference between our allowance and the billed amount.
- **Standard Option**
 - **In-Network:** 45% of plan allowance.
 - **Out-of-Network:** 50% of the plan allowance and any difference between our allowance and the billed amount. Subject to the deductible.

Class C Major

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet generally accepted dental protocols.
- There is no calendar year deductible for High Option or Standard Option in-network. Standard Option out-of-network Services under Class B and C are subject to a combined \$25 Deductible per person, per calendar year. The maximum deductible for family coverage is \$75.
- The High Option annual benefit maximum is unlimited per covered person.
- The Standard Option annual benefit maximum is \$2,500 for in-network, \$2,000 for out-of-network per covered person.
- Implant services are limited to an annual maximum of \$2,500 per covered person included in the annual benefit maximum. Standard Option out-of-network service are limited to an annual maximum of \$2,000 per covered person, included in the annual benefit maximum.
- Class C Major services are subject to a 5 year limitation.
- Covered services shall include only those services specifically listed in Section 5 Dental Services and Supplies. A covered service must be incurred and completed while the person receiving the service is a covered person. Covered services are subject to plan provisions for exclusions and limitations and meet acceptable standards of dental practice as determined by us.
- For services listed with an asterisk (*), the choice of a lower cost treatment is available. If you or your dental practitioner should choose this treatment or service, we will allow the lower cost alternative benefit unless evidence is submitted with the bill to explain why the less expensive treatment could not be done.
- Covered services are limited to the maximum allowable charge as determined by us and are subject to alternative benefit, coinsurance, maximum benefit limits, waiting period and the other limitations described in this plan document.
- The dental plan does not require a pre-determination of benefits. GEHA will respond to a request to pre-determine services with an estimate of covered service, which is not a guarantee of payment since future changes such as changes in your enrollment or eligibility under the dental plan may affect benefits. We encourage you to ask your provider to request a pre-determination for any extensive treatment. By obtaining a pre-determination, you and your dental provider will have an estimate before treatment begins of what will be covered and how it will be paid. This information can be valuable to you in making an informed decision on how to proceed with treatment and can help protect you from unexpected out-of-pocket costs should the treatment plan not be covered.
- To obtain a pre-determination, the dentist should submit a completed dental pre-treatment estimate claim form that itemizes the proposed procedure codes, charge for each procedure along with pre-treatment plan, radiographic images and any other diagnostic materials.
- This plan only provides benefits for the replacement of a complete denture, partial denture, fixed bridge, implant crown, implant complete denture and implant partial denture with a like prosthesis. Upgrading the appliance will not be covered.
- Prosthetic replacement of teeth is covered only 5 years after teeth were replaced previously and only if prior prosthesis cannot be made serviceable.
- In-progress treatment for dependents of retiring TDP enrollees will be covered for the 2022 plan year. This is regardless of any current plan exclusions for care initiated prior to the enrollee's effective date.
- After 12 months provisional/temporary restorations are considered permanent restorations and will be subject to the 5 year replacement rule.

	<p>You Pay:</p> <ul style="list-style-type: none"> • High Option <ul style="list-style-type: none"> - In-Network: 50% of plan allowance. - Out-of-Network: 50% of plan allowance and any difference between our allowance and the billed amount. • Standard Option <ul style="list-style-type: none"> - In-Network: 65% of plan allowance. - Out-of-Network: 70% of plan allowance and any difference between our allowance and the billed amount. Subject to the deductible.

Class D Orthodontic

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet generally accepted dental protocols.
- There is no calendar year deductible for this plan.
- There is a lifetime maximum benefit of \$3,500 under the High Option and \$2,500 for in-network and \$2,000 for out-of-network under the Standard Option for Class D covered services.
- There is a 12-month waiting period for Class D benefits on the Standard Option plan. To meet this requirement, the covered person must be continuously enrolled under this dental plan for the entire waiting period.
- There is no waiting periods for Class D benefits on the High Option plan.
- Covered services shall include only those services specifically listed in Section 5, Dental Services and Supplies. A covered service must be incurred and completed while the person receiving the service is a covered person. Covered services are subject to plan provisions for exclusions and limitations and meet acceptable standards of dental practice as determined by us.
- Covered services are limited to the maximum allowable charge as determined by us and are subject to alternative benefit, coinsurance, maximum benefit limits, waiting period and the other limitations described in this plan document.
- The dental plan does not require a pre-determination of benefits. GEHA will respond to a request to pre-determine services with an estimate of covered service, which is not a guarantee of payment since future changes such as changes in your enrollment or eligibility under the dental plan may affect benefits. We encourage you to ask your provider to request a pre-determination for any extensive treatment. By obtaining a pre-determination, you and your dental provider will have an estimate before treatment begins of what will be covered and how it will be paid. This information can be valuable to you in making an informed decision on how to proceed with treatment and can help protect you from unexpected out-of-pocket costs should the treatment plan not be covered.
- To obtain a pre-determination, the dentist should submit a completed dental pre-treatment estimate claim form that itemizes the proposed procedure codes, charge for each procedure along with pre-treatment plan, radiographic images and any other diagnostic materials.
- In-progress treatment for dependents of retiring TDP enrollees will be covered for the 2022 plan year. This is regardless of any current plan exclusions for care initiated prior to the enrollee's effective date. However, there is a 12-month waiting period for Class D benefits on the Standard Option plan. To meet this requirement, the covered person must be continuously enrolled under this dental plan for the entire waiting period.
- Orthodontic treatment is covered only when necessary to treat a malocclusion. This plan does not provide benefits for procedures performed primarily for cosmetic and or the correction of mild-moderate crowding or spacing.

Orthodontic services

Orthodontic treatment is not covered if the initial placement of the appliance on the teeth was made prior to the current Coverage Effective Date of the covered person. Payment for orthodontic treatment will not be made until the appliance placement date has been submitted to us.

Charges will be considered, subject to other plan conditions, as follows:

- The total case fee and the maximum allowed amount will be divided by the number of months for the total treatment plan. Each resulting portion will be considered to be incurred on a quarterly basis until the lifetime maximum is paid, treatment is completed or eligibility ends, whichever comes first.*

For example: When a provider bills \$3,600 for a 24-month treatment plan including miscellaneous services, we will divide our allowable by 24 months (\$3,600 divided by 24 months equals \$150 per month). Our quarterly allowable will be \$150 times 3 months or \$450. Our allowable is reimbursed at 70% for a quarterly payment of \$315. As the treatment plan is 24 months and we pay quarterly, we will process 8 quarterly payments, 7 payments at \$315 and the last payment at \$295, which equals \$2,500 (your lifetime maximum). You will owe the difference between the billed amount and our payment (\$3,600 less \$2,500 equals \$1,100).

- Verification that the covered person is still receiving active treatment is required from the provider once every 3 months.*

D0340 2D Cephalometric radiographic image - acquisition, measurement and analysis - Limited to once per lifetime.

D0350 2D Oral/facial photographic image obtained intra-orally or extra-orally - Limited once per lifetime.

D0351 3D Photographic image - Limited to once per lifetime.

D0470 Diagnostic casts - Limited to once per lifetime in conjunction with an ortho case and/or prior to treatment.

D8010 Limited orthodontic treatment of the primary dentition

D8020 Limited orthodontic treatment of the transitional dentition

D8030 Limited orthodontic treatment of the adolescent dentition

D8040 Limited orthodontic treatment of adult dentition

D8070 Comprehensive orthodontic treatment of the transitional dentition

D8080 Comprehensive orthodontic treatment of the adolescent dentition

D8090 Comprehensive orthodontic treatment of the adult dentition

D8210 Removable appliance therapy – Minor treatment to control harmful habit.

D8220 Fixed appliance therapy – Minor treatment to control harmful habit.

D8660 Pre-orthodontic treatment examination to monitor growth and development

D8670 Periodic orthodontic treatment visit – When part of the contract, a periodic orthodontic treatment visit is considered part of complete orthodontic treatment plan and not reimbursable as a separate service.

D8680 Orthodontic retention (removal of appliances, construction and placement of retainer(s) - All retention and case-finishing procedures are integral to the total case fee. Observations and adjustments are integral to the payment for retention appliances.

D8681 Removable orthodontic retainer adjustment - Limited to once per lifetime. Only considered when services are rendered by a dentist other than the dentist rendering complete orthodontic treatment.

Not covered:

- Repair of damaged orthodontic appliances*
- Replacement of lost or missing appliance*
- Any exclusions or limitations listed under Section 7 of this plan document.*
- Mail order or online orthodontic services and supplies or any treatment related to mail order orthodontic services and supplies.*

Section 6 International Services and Supplies

International Claims Payment

International services are services provided outside of the United States. The dental plan provides care even when a member is outside of the United States. Benefits and contract limits are the same for services received outside of the United States as for services received stateside.

To obtain emergency care while outside of the United States, you should see a covered provider and submit the bill for reimbursement. This plan lets you choose your own dental practitioner. This plan reimburses you or your provider for covered services. We do not typically provide or arrange for dental care.

Finding an International Provider

GEHA's in-network providers extend to the United States and U.S. Territories (Puerto Rico, Guam and the U.S. Virgin Islands). In-Network providers do not extend outside of the United States other than the areas listed. You have the right to choose any licensed dental practitioner; you do not need to contact GEHA first.

Note: Because international claims do not have the consideration of stateside cost containment, members must be cautious to guard against inappropriate/excessive services.

GEHA has a dedicated email address for our members outside the United States, overseas.gehadental@geha.com.

Filing International Claims

For services you receive outside of the United States, send a completed Dental Claim Form and the itemized bills to GEHA, Foreign Dental Claims Department, P. O. Box 21542, Eagan, MN 55121-9930. Obtain Dental Claim Forms from www.geha.com/DentalForms. We will provide translation and currency conversion services for overseas (foreign) claim services. The conversion rate will be based on the date services were rendered.

Customer Service Website and Phone Numbers

Go to our website at www.geha.com or contact our Customer Service Department toll-free at (877) 434-2336 or TDD (800) 821-4833.

International Rates

There is one international region. Please see rate table for the actual premium amount.

Section 7 General Exclusions – Things We Do Not Cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless we determine it is necessary for the prevention, diagnosis, care, or treatment of a covered condition.**

We do not cover the following:

- Any dental service or treatment not specifically listed as a covered service.
- Missed or canceled appointments, completion of claim form required by us or forwarding records requested by us.
- Dentures that have been lost, stolen or misplaced.
- Duplicate and temporary dentures, appliances, devices, radiographic images and services.
- Experimental services or treatment not generally recognized by the dental profession as necessary for treatment of the condition or for which there is no reasonable expectation of effective treatment.
- Services or treatment provided for oral hygiene instruction or dietary counseling for the control of dental caries and plaque.
- Services or treatment provided by or paid for by any government or government employed dental practitioner, unless the covered person is legally required to pay for such services or supplies.
- Services or treatment for any illness or bodily injury which occurs in the course of employment if a benefit or compensation is available, in whole or in part, under the law or regulation of any governmental unit. This exclusion applies whether or not you claim the benefit or compensation.
- Services or treatment of congenital malformations.
- Repair or replacement of orthodontic appliances.
- Services or treatment provided primarily for cosmetic purposes.
- Service, supplies or treatment furnished by yourself, household members or immediate relatives, such as but not limited to spouse, parents, children, brothers or sisters, by blood, marriage, or adoption.
- Any treatment not prescribed or performed by a licensed physician or dental practitioner.
- Services or treatment for which no charge (or the patient has no responsibility to pay) would be made in absence of this coverage including, but not limited to, discounts, disallow due to negotiated rate and provider write-off amounts.
- Services or treatment resulting from war or act of war, whether declared or undeclared, or from police or military service for any country or organization.
- Services or treatment provided as a result of intentionally self-inflicted injury or illness.
- Services or treatment provided as a result of injuries suffered while:
 - Committing or attempting to commit a felony;
 - Engaging in an illegal occupation; or
 - Participation in a riot, rebellion or insurrection.
- Office infection control.
- Any implant placement or removal, appliances placed on, or services associated with implants not specifically listed in Section 5, Class C, Implant services, including but not limited to; anesthesia and IV sedation, ridge augmentation and grafting procedures.
- Any procedure, appliance or restoration that alters the bite and/or restores or maintains the bite. Bite means the way teeth meet or occlusion and vertical dimension. Such procedures include, but are not limited to, equilibration, periodontal splinting, full mouth rehabilitation, restorations for malalignment of teeth. This exclusion does not apply to Class D covered services.
- Any treatment related to mail order or online orthodontic services and supplies.

- Services or treatments that are not the least costly alternative that accomplishes a result that meets accepted standards of professional dental care as determined by us. Crowns, inlays and onlays performed to restore tooth structure lost due to attrition, erosion or abrasion.
- Any procedure, appliance, restoration or treatment as a result of mail order or online orthodontic services.
- Services or treatment started or performed prior to the effective date of your current coverage.
- Services rendered after the termination of coverage.
- Diagnosis and/or treatment of jaw joint problems, including temporomandibular joint (TMJ) syndrome, craniomandibular disorders, or other conditions of the joint linking the jawbone and skull or the complex of muscles, nerves and other tissue related to that joint.
- General anesthesia provided in connection with services that are not covered.
- Nitrous oxide.
- Oral sedation.
- Precision dentures, characterization or personalization of crowns, dentures or fillings.
- Gold foil restorations.
- Services or treatments that are necessary due to patient failure to follow the dental practitioner's instructions.
- Services or treatments that are not the least costly alternative that accomplishes a result that meets accepted standards of professional dental care as determined by us.
- Any service or treatment that is part of the complete dental procedure is considered a component of, and is included in, the fee for the complete procedure.
- Services received from a dental or medical department maintained by or on behalf of any employer, mutual benefit association, labor union, trust or similar person or group.
- Services performed by a dentist who is compensated by a facility for similar covered services performed for members.
- Treatment or services for injuries resulting from the maintenance or use of a motor vehicle if such treatment or service is paid or payable under a plan or policy of motor vehicle insurance, including a certified self-insurance plan.
- Service or care required as a result of complications from a treatment or service not covered under the dental plan.
- Fraudulent claims for service.
- Claims submitted later than December 31 of the calendar year following the one in which the expense was incurred, except when the member was legally incapable.
- State or territorial taxes on dental services performed.
- Adjunctive dental services as defined by applicable Federal regulations. The Federal dental program does not cover adjunctive dental care services. These are medical services that are covered by other medical insurance even when provided by a general dentist or oral surgeon. The following diagnoses or conditions may fall under this category:
 - Treatment for relief of myofascial pain dysfunction syndrome or temporomandibular joint dysfunction (TMJD).
 - Orthodontic treatment for cleft lip or cleft palate, or when required in preparation for, or as a result of, trauma to teeth and supporting structures caused by medically necessary treatment of an injury or disease.
 - Procedures associated with preventative and restorative dental care when associated with radiation therapy to the head or neck unless otherwise covered as a routine preventative procedure under this plan.
 - Total or complete ankyloglossia.
 - Intraoral abscesses that extend beyond the dental alveolus.
 - Extraoral abscesses.
 - Cellulitis and osteitis, which is clearly exacerbating and directly affecting a medical condition currently under treatment.
- Removal of teeth and tooth fragments in order to treat and repair facial trauma resulting from an accidental injury.

- Prosthetic replacement of either the maxilla or mandible due to reduction of body tissues associated with traumatic injury (such as a gun shot wound) in addition to services related to treating neoplasms or iatrogenic dental trauma.
- Diagnosis and/or treatment of Sleep Apnea.
- Services or treatment performed by debarred providers.
- Any services that require review by report will be denied when the report is not included.

Section 8 Claims Filing and Disputed Claims Processes

How to File a Claim for Covered Services

For in-network provider claims, it is not necessary for members to file a claim. The provider has agreed to do that for you.

For out-of-network provider claims, if you are a GEHA FEHB medical plan member, send dental claims to:

GEHA Connection Dental Federal
P.O. Box 21542
Eagan, MN 55121-9930

If you are not a GEHA FEHB medical plan member, you must first submit your dental claim to your FEHB medical plan, and then submit your dental claim to GEHA, along with the FEHB medical plan's explanation of benefits (EOB). If the EOB from your FEHB medical plan is not submitted, we may estimate the amount they would have paid.

If you have other additional dental coverage, you must first submit your dental claim to your other dental plan(s), then submit your dental claim to GEHA, along with the other plan's explanation of benefits (EOB).

For claim filing assistance, call us toll-free at (877) 434-2336, or TDD (800) 821-4833.

When you must file a claim – such as for services you receive overseas or when another group health plan is primary – submit it on the ADA dental claim form or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Name of patient and relationship to member;
- Member identification number;
- Name, degree, address and signature of the provider;
- Dates that services or treatment were received;
- Description of each service or treatment;
- Tooth number(s) and tooth surface(s) when applicable;
- Current Dental Terminology (CDT) procedure codes when applicable;
- Charge for each service or treatment.

We have the right to request additional information. Canceled checks, cash register receipts or balance due statements are not acceptable substitutes for itemized bills.

Keep a separate record of the dental expenses of each covered person, as maximum benefit limits apply separately to each covered person. Save copies of all dental bills. In most instances, they will serve as evidence of your claim. We will not provide duplicate or year-end statements. For duplicate explanation of benefits (EOBs), you may visit our website at www.geha.com. After creating a web account, you may view up to 18 months of your claim history.

Benefits may be assigned to a third party. Any assignment will be effective on the date it is assigned, subject to any actions we may take prior to our receipt of the assignment. We assume no responsibility for the validity of an assignment. We have the right to pay the member or dental practitioner at our option, whether or not we receive an assignment of benefits.

If any benefits become payable to anyone who, in our opinion, is legally incapable of giving us a valid receipt or release, we may pay a portion of such benefits to any individual or institution we believe has assumed custody or principal support for such person, provided we have not received a request for payment from the person's legal guardian or other legally appointed representative.

International Claims

For services you receive outside of the United States, send itemized bills that include date the services were rendered. Benefits will be calculated using the daily rate of exchange for the date of service and reimbursed in United States currency. All international claims should be submitted to GEHA, Foreign Dental Claims Department, P. O. Box 21542, Eagan, MN 55121-9930.

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond. See Section 6 International Services and Supplies for more information.

Deadline for Filing Your Claim

Send us all of the documents for your claims as soon as possible. You must submit the claim by December 31 of the year after the year you receive the service, unless timely filing was prevented by administrative operations of the Government or legal incapacity, provided the claim was submitted as soon as reasonably possible. You must submit the requested information by December 31 of the year after you receive the service, for benefit determination. If submitted after this date, charges will not be considered for benefit payment. Once we pay benefits, checks are stale dated after 2 years. There is a 3-year limitation on the reissuance of uncashed checks.

We may, at our option, require supporting documentation such as clinical reports, charts, radiographic images, and study models.

Disputed Claims Process

Follow this disputed claims process if you disagree with our decision on your claim or request for services. **The FEDVIP law does not provide a role for OPM to review disputed claims.**

Disputed Claim Steps:

1. Ask us in writing to reconsider our initial decision by requesting a formal appeal. You must:

- Write to us within 6 months from the date of our decision; and
- Send your request to us by email: GEHADentalAppeals@geha.com, by fax: 816-257-3268, or by mail: GEHA Connection Dental Federal, P. O. Box 21542, Eagan, MN 55121-9930; and
- Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and
- Include copies of documents that support your claim, such as dentist's letters, provider narratives, radiographic images or other records, and explanation of benefits (EOB) forms.

2. We have 30 days from the date we received your request to:

- Pay the claim (or, if applicable, arrange for the dental care provider to give you the care); or
- Write to you and maintain our denial – go to step 3; or
- Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request. You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days. If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. If you do not agree with our final decision, you may request an independent third party, mutually agreed upon by us and OPM, final appeal to review the decision. The decision of the independent third party is binding for us and is the final administrative review of your claim. To request an independent third-party review you must:

- Write to us within 90 days of our letter maintaining denial; and
- Send your request to us by email: GEHADentalAppeals@geha.com, by fax: 816-257-3268 or by mail: GEHA Connection Dental Federal, P. O. Box 21542, Eagan, MN 55121-9930; and
- Include a statement about why you are requesting an independent third-party final appeal review. This statement should include why you believe our decision to deny your claim was wrong, based on specific benefit provisions in this brochure; and include copies of documents that support your claim, such as dentist's letters, provider narratives, X-rays or other records, and explanation of benefits (EOB) forms.

4. The independent third party will review your final appeal disputed claim request and will use the information sent by you, your provider and us to decide whether our decision is correct. You will receive a copy of the third party's final decision within 60 days. The decision of the independent third party is binding and is the final review of your claim. This decision is not subject to judicial review.

Section 9 Definitions of Terms We Use in This Brochure

Accidental Bodily Injury	Accidental bodily injury is an injury caused by an external force or element, such as a blow or fall requiring immediate attention. Accidental bodily injury will not include any injuries sustained as a result of a chewing incident, regardless of the condition of the tooth or teeth at the time of the chewing incident.
Adjunctive Dental Care	Dental care that is: <ul style="list-style-type: none">• Medically necessary in the treatment of an otherwise covered medical (not dental) condition.• An integral part of the treatment of such medical condition.• Essential to the control of the primary medical condition.• Required in preparation for or as the result of dental trauma, which may be or is caused by medically necessary treatment of an injury or disease (iatrogenic).
Annual Benefit Maximum	The maximum annual benefit that you can receive per person each calendar year.
Annuitants	Federal retirees (who retired on an immediate annuity) and survivors (of those who retired on an immediate annuity or died in service) receiving an annuity. This also includes those receiving compensation from the Department of Labor's Office of Workers' Compensation Programs, who are called compensationers. Annuitants are sometimes called retirees.
BENEFEDS	The enrollment and premium administration system for FEDVIP.
Benefits	Covered services or payment for covered services to which enrollees and covered family members are entitled to the extent provided by this brochure.
Calendar Year	The period of time that begins January 1 and ends December 31 of each year. For any covered person who first becomes covered after January 1 of any year, a calendar year shall be deemed to be the continuous period of time between the date coverage became effective and December 31 of that year.
Class A Services	Basic services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants, and radiographic images.
Class B Services	Intermediate services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
Class C Services	Major services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges, and prosthodontic services such as complete dentures.
Class D Services	Orthodontic services.
Coinsurance	Coinsurance is the stated percentage of covered expenses you must pay.
Copay/Copayment	A copayment is a fixed amount of money you pay to the provider when you receive services.
Cosmetic Procedure	A cosmetic procedure is any procedure or portion of a procedure performed primarily to improve physical appearance or is performed for psychological purposes.
Covered Provider	A covered provider is any licensed dentist, dental hygienist, or denturist acting within the scope of such license.

Covered Service	Covered services shall include only those services specifically listed in Section 5 Dental Services and Supplies. A covered service must be incurred and completed while the person receiving the service is a covered person. Covered services are subject to plan provisions for exclusions and limitations and meet acceptable standards of dental practice as determined by us.
Debarred	Services or treatment performed by debarred providers.
Deductible	A deductible is a fixed amount of expenses you must incur for certain covered services before we will pay for covered services. Covered charges credited to the deductible are also counted towards the Plan maximum and limitations.
Enrollee	The Federal employee, annuitant, or TRICARE-eligible individual enrolled in this plan.
FEDVIP	Federal Employees Dental and Vision Insurance Program.
Generally Accepted Dental Protocols	Services that are necessary for the treatment of a condition, for which there is reasonable expectation of effective treatment and billed according to guidelines described in the Current Dental Terminology (CDT) guide of dental procedures and nomenclature by the American Dental Association (ADA).
In-Progress Treatment	Dental services that initiated in 2021 that will be completed in 2022.
Incur/Incurred	A covered service is deemed incurred on the date care, treatment or service is received.
Maximum Allowable Charge	Maximum allowable charge means the maximum amount allowed by the dental plan for covered services. The maximum allowable charge is based on the general level of charges accepted by other providers in the area for like treatment, procedure or services. Our determination of what is allowable is final for the purpose of determining benefits payable under the dental plan.
Plan Allowance	The amount we use to determine our payment for out-of-network services.
Pre-Determination	This is the procedure used by the plan to estimate covered services and the amount that the plan will cover. It is not a guarantee of payment.
Pre-Existing Condition	Any disease or condition of the teeth or supporting structures which were present on the effective date of coverage.
Provider Change	If you change from one provider to another during the course of treatment, or if more than one provider performs the same covered service, we will provide the same amount of benefits as if there had been only one provider involved in your treatment.
Service Dates	For benefit determination purposes, we will use these dates as completion dates for the following covered services: <ul style="list-style-type: none"> • Full or partial denture: the date the completed appliance is first inserted in the mouth. • Inlay, onlay, crown or fixed bridge including, but not limited to, a Maryland bridge: the date the appliance is permanently cemented in place. • Root canal therapy: the date the canal is permanently filled. • Periodontal surgery: the date the surgery is actually performed. • Any other service: the date the service is actually performed.
Sponsor	Generally, a sponsor means the individual who is eligible for medical or dental benefits under 10 U.S.C. chapter 55 based on his or her direct affiliation with the uniformed services (including military members of the National Guard and Reserves).

Subrogation	If GEHA pays benefits for an illness or injury for which you or your dependent are later compensated or reimbursed from another source, you must refund GEHA from any recovery you or your dependent obtain. All GEHA benefit payments in these circumstances are conditional, and remain subject to our contractual benefit limitations, exclusions and maximums.
TEI certifying family member	Under circumstances where a sponsor is not an enrollee, a TEI family member may accept responsibility to self-certify as an enrollee and enroll TEI family members.
TRICARE-eligible individual (TEI) family member	TEI family members include a sponsor's spouse, unremarried widow, unremarried widower, unmarried child, and certain unmarried persons placed in a sponsor's legal custody by a court. Children include legally adopted children, stepchildren, and pre-adoptive children. Children and dependent unmarried persons must be under age 21 if they are not a student, under age 23 if they are a full-time student, or incapable of self-support because of a mental or physical incapacity.
Waiting Period	Waiting period for covered services means the period of time between the date a member or eligible dependent is first covered under this GEHA dental plan and the date dental services are covered. There is a 12-month waiting period for Class D benefits on the Standard Option plan. There is no waiting period for Class D benefits on the High Option plan.
We/Us	GEHA Connection Dental Federal®.
You	Enrollee or eligible family member.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Dental and Vision Insurance Program premium.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except to your providers, the plan, BENEFEDS, or OPM.
- Let only the appropriate providers review your clinical record or recommend services.
- Avoid using providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review your explanation of benefits (EOBs) statements.
- Do not ask your provider to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, visit www.lighthouse-services.com/GEHA or call us at (844) 510-0048. You will be required to explain the situation and submit your complaint in writing.
- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise);
 - Your child over age 22 (unless he/she is disabled and incapable of self- support); or
 - For TRICARE Retiree enrollees: Your child over age 21 or age 23 if a full-time student.

If you have any questions about the eligibility of a dependent, please contact BENEFEDS.

Be sure to review Section 1, Eligibility, of this brochure prior to submitting your enrollment or obtaining benefits.

Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEDVIP benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the plan, or enroll in the plan when you are no longer eligible.
